

BRACKEN RIDGE STATE HIGH SCHOOL

YEAR 11 Digital Solutions

Overview

TERM	UNIT	SUB TOPICS	ASSESSMENT
Term 1	Unit 1 Creating with code	<ul style="list-style-type: none"> • Understanding Digital problems • User Experiences and interfaces • Algorithms and programming techniques 	<ul style="list-style-type: none"> • Investigation – technical proposal
Term 2	Unit 1 Creating with code	<ul style="list-style-type: none"> • Understanding digital problems • User Experiences and interfaces • Algorithms and programming techniques 	<ul style="list-style-type: none"> • Investigation – technical proposal
Term 3	Unit 2 Applications and data solutions	<ul style="list-style-type: none"> • Data-driven problems and solution requirements • Data and programming techniques • Prototype Data solutions 	<ul style="list-style-type: none"> • Project – digital solution
Term 4	Unit 2 Applications and data solutions	<ul style="list-style-type: none"> • Data-driven problems and solution requirements • Data and programming techniques • Prototype Data solutions 	<ul style="list-style-type: none"> • Project – Digital solution

STRIVE TO ACCOMPLISH
