BRACKEN RIDGE STATE HIGH SCHOOL
YEAR 11 General Mathematics
Overview

TERM	UNIT	SUB TOPICS	ASSESSMENT
Term 1	Money, measurement and relations	• Consumer arithmetic • Shape and measurement • Linear equations and their graphs	• Formative AI1 Problem solving and modelling task
Term 2	Money, measurement and relations Applied trigonometry, algebra, matrices and univariate data	• Consumer arithmetic • Shape and measurement • Linear equations and their graphs • Applications of trigonometry • Algebra and matrices • Univariate data analysis	• Formative AI2 Examination
Term 3	Applied trigonometry, algebra, matrices and univariate data	• Applications of trigonometry • Algebra and matrices • Univariate data analysis	• Formative AI3 Examination
Term 4	Bivariate data, sequences and change and Earth geometry	• Bivariate data analysis • Time series analysis • Growth and decay in sequences	• AI1 Problem solving and modelling task
