## School Overview

Bracken Ridge State High School is located in the north east of Brisbane and serves the suburbs of Brighton, Bracken Ridge, Nashville, Sandgate, Shorncliffe and Bald Hills. The School is bounded by the Gateway Arterial Road, the Deagon Deviation and Bald Hills Creek. It was opened in 1967 as Nashville SHS and renamed at the beginning of 2001 as Bracken Ridge SHS. Students come from families who encompass the full range of the socio-economic spectrum. Enrolment numbers for the whole school are approximately 600 students. We are a mid-sized high school where the individual is catered for. Positive attributes include: community perceptions, extension enrichment program for gifted students, strong focus on good manners and work ethic, quality and flexible curriculum, quality and 'stable' staff, extensive educational support services, and outstanding facilities. Most buildings are 1960's style but, with regular maintenance, ICT upgrades and painting, they are engaging, rich learning environments. New buildings include a multi-purpose student centre, modern Resource Centre, a single TAFE standard kitchen and textiles area, and a new Science and Language centre.

Our strategic plan has four major focus areas:

- Effective learning
- Exceptional staff
- Strong partnerships
- Wellbeing

Our school's vision is of "a community building respectful, responsible and resilient learners".

# Principal's Foreword

## Introduction

Our school operates on a very targeted and focussed Strategic Plan which is reviewed annually, resulting in the Annual Implementation Plan. The following outlines what we aimed to achieve and how we are progressing to achieve it.

## Future Outlook

Our school is growing each year, with an anticipated enrolment at the end of the current strategic plan of approximately 600. We have established a thriving School Council as part of our Independent Public School status, with a focus on building 21<sup>st</sup> skills and deep learning as our long term strategic focus past our current strategic plan. Our 2018 priorities will relate to Attendance, Results and Leadership.

We will also continue to progress the initiatives outlined in the school's **Strategic Plan 2016-2019**, with a specific focus on the following activities:

### 1. Effective learning

- Continue with the full implementation of Explicit Instruction (EI).
- Continue with the instructional coaching program that supports teachers with the implementation of EI.
- Review and enhance assessment practices to ensure appropriate and consistent practices that improve student outcomes.
- Seek endorsement and implement the Data Plan (which identifies data sources, timelines and review and discussion processes).
- Implement effective student academic coaching, incorporating goal setting and tracking performance.
- Continue to review and plan whole school curriculum, staff and school resources plan.
- Finalise the IT Plan - to deliver eLearning resources which are affordable and effective for our parents and our school.
- Continue implementation of staff training in effective eLearning pedagogies within the Explicit Instruction framework.

## 2. Exceptional staff

- Continue to enhance and enable the EI skills of staff through planned professional development activities, walk-throughs and instructional coaching.
- Continue to ensure staff have high levels of data literacy and are engaging with the data.
- Continue professional development through engagement with leadership projects.
- Continue the current Leadership program to develop leadership skills; and identify and support leadership opportunities within and external to the school, with expansion of the program to occur in 2018.

## 3. Strong Partnerships

- Review and refine the school's Communication and Marketing plan to:
  - incorporate all communication events occurring across the school
  - promote student and parent engagement within the school.
- Continue to develop a range of planned, positive, regular communication practices with parents.
- Continue building and maintain a current, quality profile in traditional and social media.
- Continue to implement and progress engagement activities with prominent community events, organisations and former students.
- Continue to build strong links with primary feeder schools with shared activities in academic, sporting and cultural areas.

## 4. Wellbeing

- Continue to enhance and strengthen the Wellbeing team by clarifying key roles, responsibilities and stakeholders.
- Endorsement of the Student Wellbeing plan and implement the plan, ensuring appropriate communications with staff and explore staff wellbeing as a leadership project.
- Continue to develop strategies to improve student attendance.
- Enhance support programs, resources and communication systems for vulnerable students.
- Continue to review, investigate and enhance student leadership programs which highlight opportunities internal and external to the school.
- Develop and implement a whole-of-school facilities plan in consultation with key stakeholders.

In 2017, there were no students enrolled in a pre-Prep\*\* program.

\*\* pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<https://qed.qld.gov.au/earlychildhood/families/pre-prep-indigenous>).

## Characteristics of the Student Body

### Overview

Our students are drawn from a broad range of socio-economic and cultural backgrounds. Our students and community welcome new families to our school and support them to become active members of this community. A significant percentage of currently enrolled students reside in one of the five local feeder suburbs, with the remainder drawn from suburbs beyond these boundaries. The student body has representation from numerous different nationalities including indigenous students; however, this percentage is relatively low. Our students are overwhelmingly English speaking and Australian citizens and residents.

Students graduate from Bracken Ridge SHS to then follow a diverse range of pathways which include: continuing their studies at University and TAFE; conversion of traineeships to apprenticeships; part-time and full-time work.

### Average Class Sizes

The following table shows the average class size information for each phase of schooling.

Prep – Year 3			
Year 4 – Year 6			
Year 7 – Year 10	23	23	22
Year 11 – Year 12	19	18	19

## Curriculum Delivery

The school prides itself on its range of curriculum offerings. Students are given every opportunity to access quality curriculum offerings in both the Junior and senior school. In years 7 to 10 the curriculum is aligned to the Australian Curriculum and mandated Learning Areas. In the senior years a range of QCAA Authority, Authority Registered subjects and Vocational Education subjects as well as school based apprenticeships and traineeships are on offer to students.

In Year 7 and 8 all students study a foundation curriculum. In Year 9 and 10 students study a foundation curriculum as well as having the opportunity to choose a number of elective options. Year 10 curriculum is focused to assist with the transition to the senior school. We also place value on the importance of sport in the curriculum. All students from Year 7 through to Year 11 are expected to participate in sport both at the intra-school and inter-school level. Year 12 students are involved in a Pathways Program that focuses on maximizing academic student achievement at the highest possible level

### Co-curricular Activities

The school offers a large range of opportunities to encourage and challenge our students. Some of these are:

- Public speaking and debating opportunities: QDU Debating competition; Lions Youth of the Year; Intra-school public speaking competition
- Extensive range of academic competitions: ICAS Science, Mathematics, English and Digital Technologies; ASX Schools Share Market Game; QAMT Inter-school Mathematics; RACIs Australian Chemistry quiz
- Brisbane School Bands Festival
- Queensland All Schools Touch
- Health and Well-being Expo
- Humanities and Language Days of Excellence
- Inter-school sports teams leading to District, Regional, State and National representation
- Glee Club
- Concert Band
- Excursions relevant to specific curriculum areas: Law Courts, Moreton Island, GOMA, open days at Universities and Theatres
- Various Student leadership related activities including excursions, guest speakers and student and student involvement in broad aspects of school life and decision making processes
- Duke of Edinburgh (introduced in 2017)
- Participation in the Kokoda Track program

### How Information and Communication Technologies are used to Assist Learning

Information and Communication Technologies (ICTs) form an important aspect of supplementing and enhancing student learning at Bracken Ridge State High School. ICT skills are not taught in isolation but instead are developed as part of learning experiences across the curriculum. Staff embed the use of ICTs in their teaching across all curriculum areas as well as in assessment tasks. Students are involved in the creation of Claymation DVDs, computer games, digital stories, podcasts, websites and PowerPoint presentations.

In addition many students are using the Learning Place as part of their classroom and homework studies. In project rooms set up in the Learning Place students participate in chat sessions and post blog entries. Some staff are also using this facility to run flipped classroom arrangements.

Students and staff have access to laptop trolleys located in every building as well as eight computer laboratories both as a part of classroom learning activities and in their own time before, after school and at break times. Students and parents are encouraged to communicate with staff, including the sending and receiving of assignment drafts and submissions via email wherever possible. QParents was trialed in Year 7 and will roll out each year.

## Social Climate

### Overview

2017 saw Wellbeing for students become a core priority Bracken Ridge State High School and a strategic plan has been developed to ensure it achieves its aims.

Students are supported by a range of support staff and programs that focus on their social, emotional and physical well-being. Support staff include:

- Guidance Officer at five days per week (the school has funded an additional two days per week from FTE)
- Youth Support Coordinator at two days per week
- School Based Youth Health Nurse at two days per week
- School Chaplain increased days to five days per week (one day school-funded and one day from the P&C)
- Two Junior and two Senior Coordinators are responsible for the welfare of students
- Each Deputy Principal and Head of Department is attached to particular year levels to further strengthen this support
- Three additional teacher aides through I4S funding
- Community Liaison Officer appointed through I4S funding

As well, the Student Council, Student Leaders, Junior Vice Captains and the Senior Buddies are actively involved in the total school welfare program. Students engage in a CARE program through form class each week which targets a range of different focus areas including the school values and 5Cs, stress and time management, goal setting, bullying, peer relationships, self-esteem issues and much more.

There are also a number of additional programs which operate within the school, including gender specific boys and girls programs run by the Chaplain, Nurse and outside providers, as well as various other tailored programs based on identified need.

The leadership project has seen the student leaders take a much higher profile in major school activities and Junior Vice Captains from Year 9 were appointed for the first time.

### How Information and Communication Technologies are used to Assist Learning

Information and Communication Technologies (ICTs) form an important aspect of supplementing and enhancing student learning at Bracken Ridge State High School. ICT skills are not taught in isolation but instead are developed as part of learning experiences across the curriculum. Staff embed the use of ICTs in their teaching across all curriculum areas as well as in assessment tasks. Students are involved in the creation of Claymation DVDs, computer games, digital stories, podcasts, websites and PowerPoint presentations.

Most of the materials used in class have been made accessible online through the Learning Place and classes are increasingly being 'flipped' as many students are using the Learning Place as part of their classroom and homework studies. In project rooms set up in the Learning Place students participate in chat sessions and post blog entries.

Students and staff have access to laptop trolleys located in every building as well as eight computer laboratories both as a part of classroom learning activities and in their own time before, after school and at break times. Students and parents are encouraged to communicate with staff, including the sending and receiving of assignment drafts and submissions via email wherever possible. QParents was trialed in Year 7 and will roll out each year.

2017 saw the program Maths Pathways' introduced into Year 7. An internet based program, it has proved to be highly successful in diagnosing where gaps exist in a student's understanding of key concepts and provides a highly individualized, mastery based program to help the student meet national standards. It is anticipated that in 2018 a trial laptop program will be introduced in Year 10 to assess take-up rates and usage.

## Parent and community engagement

School community participation is evident through a range of ongoing activities and has been significantly enhanced with the appointment of a Community Liaison Officer who has:

- Established a vibrant Facebook page and Twitter feed
- Built strong links with traditional media raising the school's profile within the community
- Established partnerships with feeder primary schools
- Supported the Wellbeing team through a focus on partnerships with parents, particularly where there are attendance issues

Other community engagement strategies are:

- School Council with parent, community, student, teaching staff and non-teaching staff representation
- P&C meetings (held the third Tuesday of every month)
- Chappy Brekkie each Wednesday morning run by members from the local church groups
- Open days, information nights and parent education evenings
- Parent/teacher/student interview evenings held twice a year
- Student/parent SETPlan interviews
- Leasing a 20 seater bus to better engage students with significant community, cultural, academic and sporting events

Such events encourage parents to have input and provide feedback on the direction of the school but more importantly to support and provide input in their child's education. There are also numerous publications, resources and correspondence provided to parents both electronically and in person, to keep them informed and encourage their involvement in the school.

## Respectful relationships programs

The school has developed and implemented a program or programs that focus on appropriate, respectful and healthy relationships.

School community participation is evident through a range of ongoing activities including: P&C meetings which are held the third Tuesday of every month; Chappy Brekkie each Wednesday morning run by members from the local church groups; open days, information nights and parent education evenings, parent/teacher/student interview evenings held twice a year; student/parent SET Plan interviews. ## Environmental Footprint

### Reducing the school's environmental footprint

The school works to minimise utilities usage, particularly electricity and water usage, through school wide strategies. Some of the environmental elements include the capturing and filtering of storm water runoff, installation of underground rainwater tanks, the use of natural light and installation of window blinds and tinting.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2014-2015	272,151	1,129
2015-2016	259,605	
2016-2017	251,788	2,373

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

## School Funding

The attendance rate for Indigenous students at this school (shown as a percentage).	83%	83%	86%

\*The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

The overall student attendance rate in 2017 for all Queensland Secondary schools was 90%.

AVERAGE STUDENT ATTENDANCE RATE* (%) FOR EACH YEAR LEVEL													
Year Level	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12
2015								93%	90%	90%	88%	87%	89%
2016								92%	91%	88%	91%	89%	90%
2017								91%	92%	88%	87%	90%	90%

\*Attendance rates effectively count attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

## Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the Department of Education procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Non-attendance is managed in state schools in line with the DETE policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism. All students are expected to attend school on all scheduled school days in line with their program of study. Parents are expected to make contact with the school to explain all student absences [late arrivals, whole or part days]. This expectation is communicated via the school Newsletter, correspondence both written and electronic, Prospectus.

At Bracken Ridge SHS student attendance is marked electronically [the software program is IDAttend] by teachers at the beginning of each day during form class, and every subject lesson. This allows the school administration to monitor student attendance very closely on a lesson by lesson basis. The school utilises a range of measures to monitor and manage student attendance. Parents will receive a text message if their child has been marked absent from school for the day without a reason. This allows parents to be informed ASAP in case a discrepancy has occurred in the child's attendance which requires follow-up at home. For any ongoing absences (two consecutive days without parent contact), parents will receive a letter from the school requesting explanation for the absence.

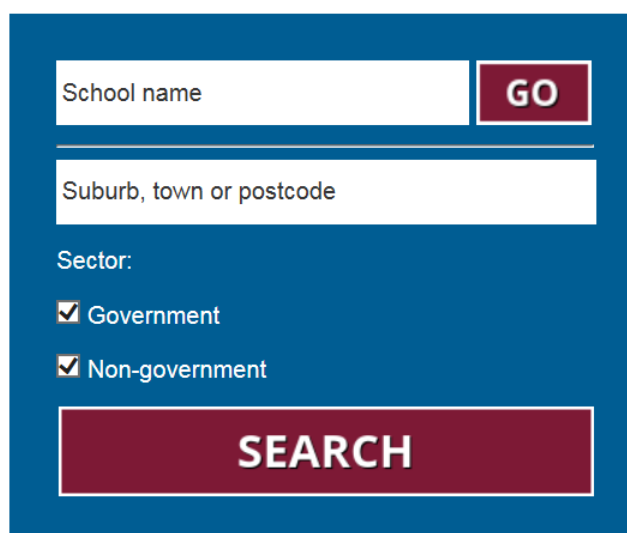

Where attendance presents as an issue, a range of support staff and programs are put in place to work with the student and parents to improve attendance. Students with exemplary attendance are acknowledged through the academic reporting process.

## Student Destinations

### Post-school destination information

The results of the 2017 post-school destinations survey, Next Step – Student Destination Report (2017 Year 12 cohort), will be uploaded to the school's website in September.

Schools with fewer than 5 responses will not have a report available on the post-school destinations of Year 12 completers for reasons of confidentiality.

### Early leavers information

The destinations of young people who left the school in Years 10, 11 and prior to completing Year 12 are described below.

Early leavers from Bracken Ridge SHS are monitored at the time of departure and in response to School Leaver Reports distributed by the Region. This monitoring process ensures that the majority of students are engaged in or have access to an 'earning or learning' program. The region has employed a Youth Pathways Officer who provides maximum support for this group of young people on exit from school.

The school has built a strong partnership with the Queensland Pathways College campus, located at Bracken Ridge TAFE, to ensure that early school leavers have the option of completing their QCE and continue with vocational education.
